Project Reflection

Choose two of the questions listed below and thoroughly answer them (with evidence) within your project.

1. What did the soldier investigation reveal about the human experience of war?
2. Prior to the war, how was this soldier's life similar or different to your own?
3. Should the memory of this battle be one of celebration or somber remembrance? Explain.

Note: Each response should be 250—300 words in length.

PROJECT: SOLDIERS OF THE GREAT WAR

Project DesignChoose one option below when designing your project.Option 1: Physical Scrapbook:

- Creatively design a scrapbook containing all the project requirements.
- A nicely designed cover page and introduction is required.
- You may choose to complete a physical scrapbook or create a digital scrapbook (eg. Search, "Blurb" or use Canva)
- If you create a physical scrapbook you may even consider getting it bound at a local printing store to produce a more professional product.

Option 2: Portfolio:

- Design a portfolio with all of the items arranged within the folder.
- Ensure each item is organized in an effective manner.
- The folder should have a cover or title designed.
- An introductory page detailing the contents of the portfolio is required.

Option 3: Poster Board:

- Create a visually appealing two-fold poster board with all the project requirements.
- An attractive main title and sub-titles is required. In addition, consider other elements like borders, captions etc. to enhance the appeal of the poster board.
- Ensure the text used is readable and not overwhelming in length for the viewer.
- You may also display artifacts in front of the poster board to make the display interactive.

Option 4: Website:

- Produce a professionally looking website containing all the project requirements.
- You may use additional types of multi-media to add to the visual presentation of your website.
- Your website must have a home page with all the links clearly organized.

Option 5: Memorial Video:

- Produce a 5-10 minute memorial video of your soldier entitled, "In the Footsteps of (soldier name)...".
- Your video should include all the requirements of the project in a visual/oral way.
- Be sure to include local footage of where your soldier lived, went to school, church and, of course, where their name on the cenotaph is located.
- Consider this more of a narrated documentary than a drama.
- Primary video footage of the battle can also be incorporated into the video.
